Hello

- *Your preferred name:* James
- *Your year and advisor (if any):* 3rd Year Undergraduate. Benjamin Hayes
- *Your research interests or favorite subfield of math:* I'm primarily interested in operator algebras; however, I have recently begun to explore homotopy theory and hodge theory.
- *Your favorite topological space:* The Long Line
- *Are there any topics from Alg. Top. I which you would like to review?:*
- *Are there any topics related to cohomology, but not listed on the syllabus, that you are interested in learning about?*
